New staff at Cedar

Tuesday, 5 October 2010

Cedar is delighted to announce the appointment of four new members of staff:

Dr Judith White

Kathleen Withers

Stephen Jones

Ann James

Clinical Evaluators

Kathleen and Stephen join Cedar from within Cardiff and Vale UHB, where both worked as Poisons Information Scientists at a specialist NHS Poisons Information Service run from Llandough Hospital. Judith joins Cedar from Cardiff University, where she was a Post Doctorate Researcher in microbiology. Cedar is delighted to appoint three such highly skilled people who will complement an excellent existing skill mix at Cedar, and who will strengthen Cedar's ability to deliver its work programme for the National Institute for Health and Clinical Excellence.

Administrator

Ann James is seconded to Cedar from the Department of Clinical Engineering at Cardiff and Vale UHB. Ann has worked for our wider organisation for 30 years and is expert in the administrative and purchasing systems used throughout the UHB.
